

Harewood Grounds + Gardens

-  Toilets
-  Accessible toilets
-  Information
-  Picnic Benches

Sylvascope

Walk up here to our treehouse! This is also a good spot for minibeasts.

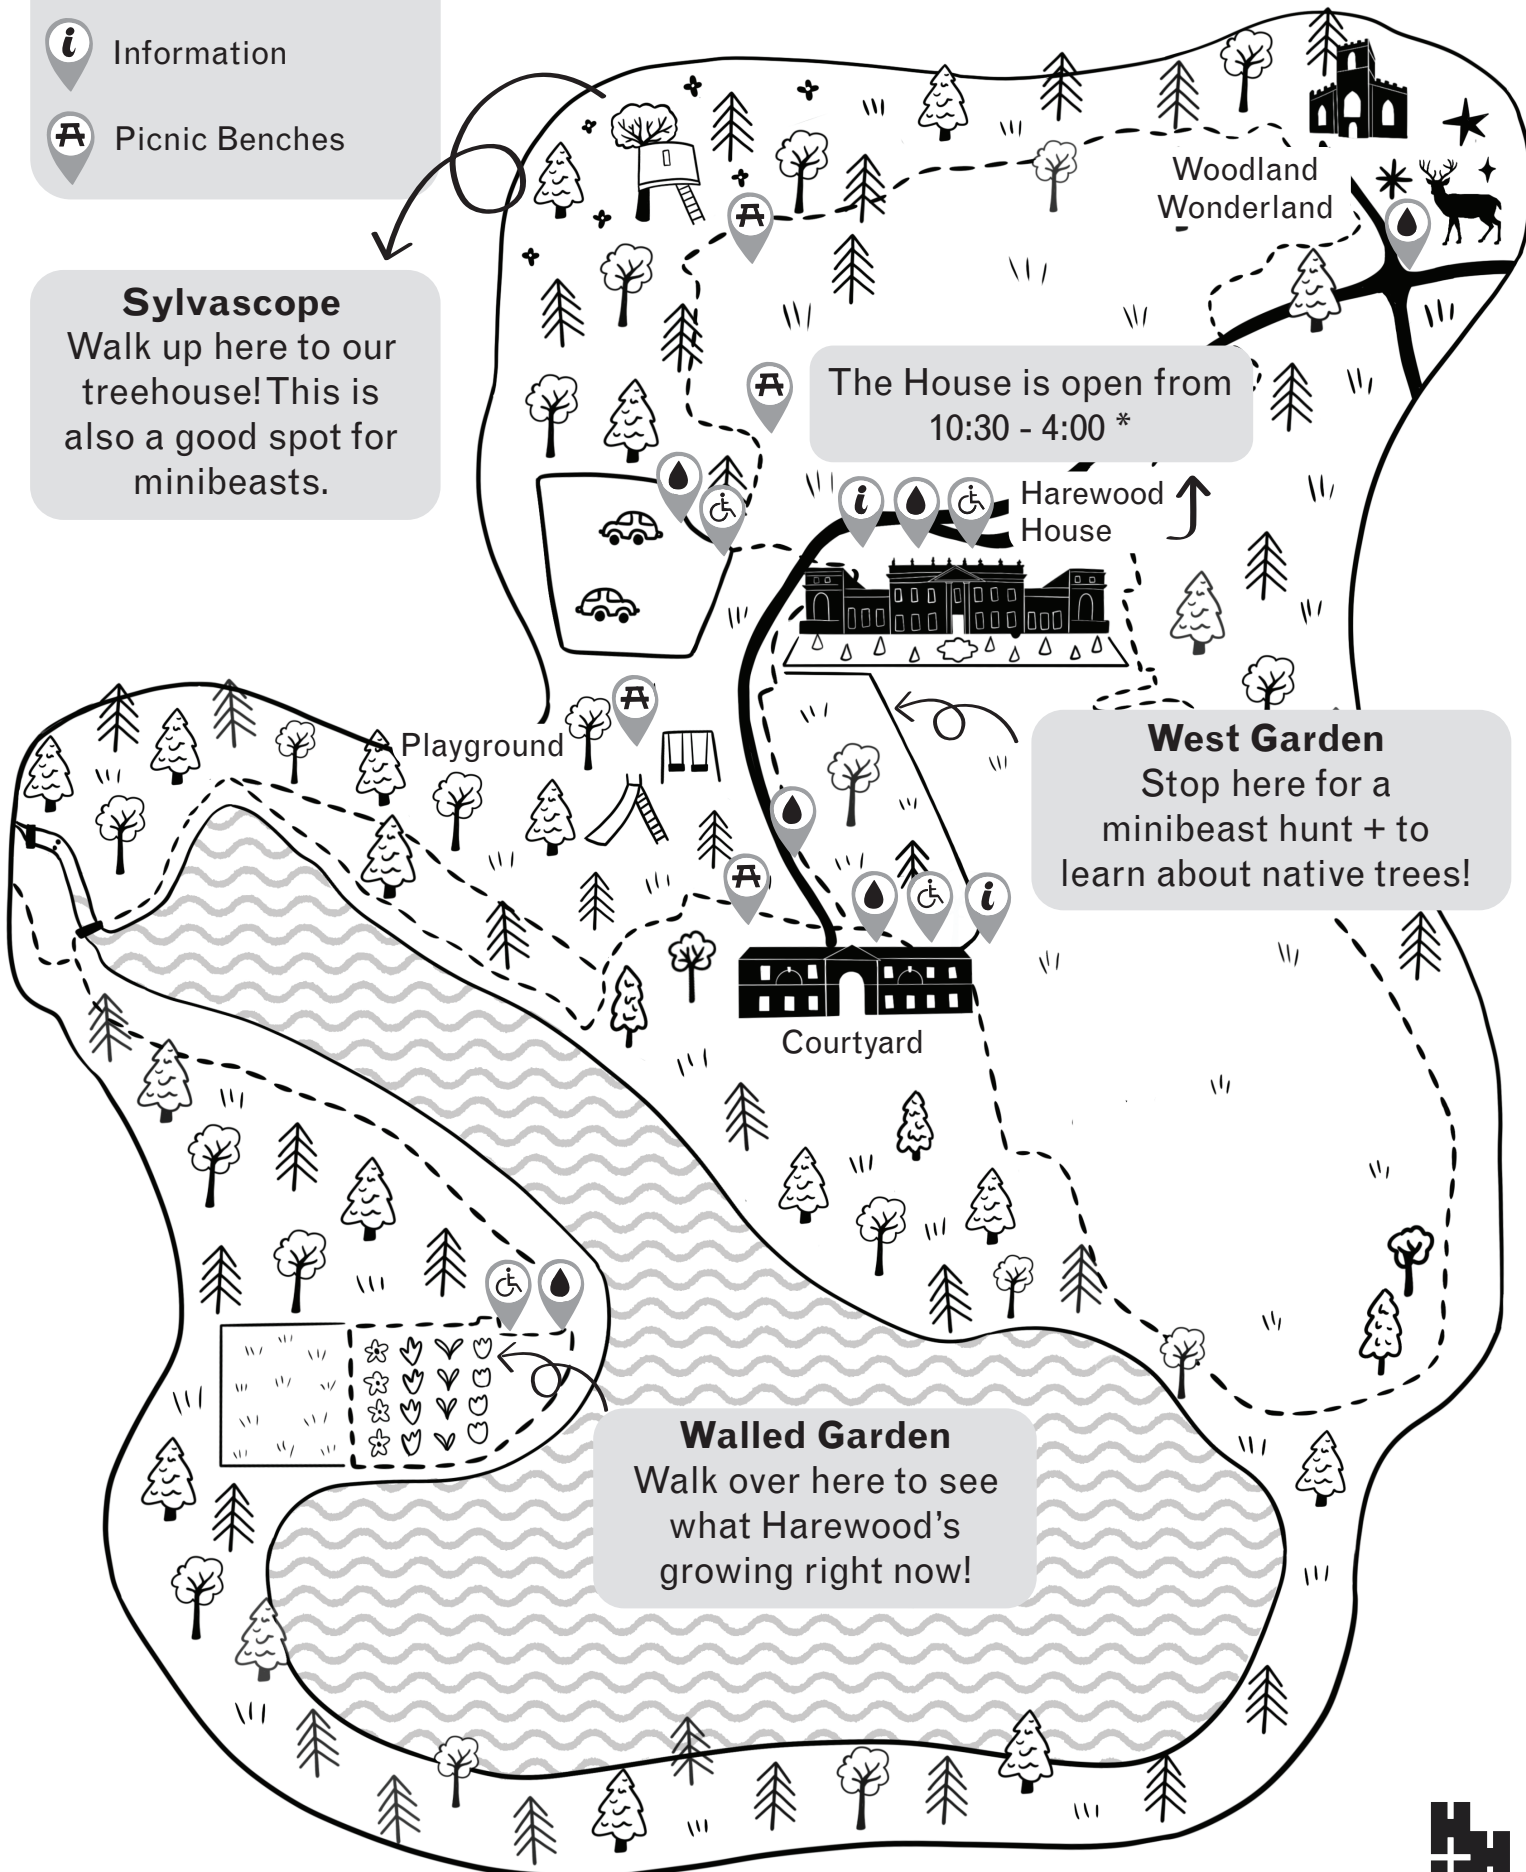

The House is open from
10:30 - 4:00 *

West Garden

Stop here for a minibeast hunt + to learn about native trees!

Walled Garden

Walk over here to see what Harewood's growing right now!

* Please check our website for updates on House closures

The Big Question:

At **Harewood**, we have some of the most beautiful **gardens** in **Britain**.
*But just how **British** are they?*

Make your way to our **West Garden** and record how many of **native British trees** you see on the tally chart below. Use the **Tree Key** to help you spot

What is a native tree?

A tree that grows **naturally** in **Britain** and has done for **thousands** of **years**.

Tree	Tally
Beech	
Silver Birch	
English Oak	
Lime	

Tree Key
<p>Beech</p>
<p>Silver Birch</p>
<p>English Oak</p>
<p>Lime</p>

How **British** are **Harewood's** gardens? Explain how you know.

Did you know..?

One of **Harewood's** **Beech trees** is between **300-350 years** old. It has seen **Harewood** before the **House**, the **Walled Garden** and even the **Lake** were around! Can you find it along the **Lakeside Path**?
